Ethics of AI

About the Training

Discover the world of AI Ethics and learn how to navigate the challenges posed by Artificial Intelligence in our society. This comprehensive online training will introduce you to the principles of AI Ethics and provide valuable insights into disinformation, non-maleficence, privacy, surveillance, bias, fairness, responsibility, and transparency. Developed for professionals working in data science, AI, and technology, this training empowers you to create more responsible and ethical AI systems.

Dive into practical applications and real-world case studies to gain a deeper understanding of ethical considerations in AI.

Students Testimonials

Hear from our students that how TechClass transformed their learning experience and helped them achieve their goals.

Elina Sumén

Metropolia UAS

The training are easy to follow and covered a good amount of knowledge. I found the assignments very useful; it was great to use the knowledge in practice right away.

Vladimir Miskovic

Laurea UAS

TechClass is an intuitive, convenient and efficient online platform. It makes online learning easier and faster, especially when it comes to AI and programming.

Anna Kurmaeva

Laurea UAS

The platform is flexible and allows to do assignments at my own pace. The information is very well structured and leads a student throughout the studies.

Csépke Csilla

Metropolia UAS

The training were awesome. I am studying software development in aiukuisopisto, and I think TechClass courses helped me a lot to get the study place.

Training Certificate

Take your career to the next level with TechClass certification, and demonstrate your skills and knowledge to employers, clients, and peers.
