Data Mastery for Specialists Training

“Data Mastery for Specialists” is tailored to equip professionals from diverse sectors with advanced skills in data handling and analysis to enhance their strategic decision-making and business growth. This training talks about sophisticated data visualization techniques, in-depth statistical analysis, and the implementation of cutting-edge analytics tools designed for data-savvy users.

Participants will gain hands-on experience with advanced data collection, processing, and analysis methods. You will learn to interpret complex data sets, transforming intricate data into actionable insights that can refine your operational and strategic decisions.

Training Support

01 Support Center

Our Support Center is here to help you succeed. Count on us to guide you through any challenges so you can focus on reaching your goals.

02 Discussions

Have questions or need help with training content? Simply start a discussion and get the support you need from your instructors or the community.

03 Q&A

Get the answers you need and expand your knowledge with our Q&A section. Get insightful responses from your instructors and peers.

04 Peer Review

Become a better learner with the power of peer review. You can submit your tasks and receive thoughtful feedback from your classmates.

How to Proceed

1

INFORMATION SUBMISSION

Begin by submitting your information. This step is crucial as it sets the foundation for your educational journey.

2

DELIVER TO JOTPA FOR APPROVAL

Once your information is submitted, it is sent to JOTPA for approval. This ensures that all the participants are eligible.

3

ADDING INFORMATION TO OPINTOPOLKU

After JOTPA's approval, your enrollment information is integrated into 'Opintopolku' system.

4

RECEIVE ENROLLMENT INVITATIONS

Post integration, you will receive invitations to enroll in the trainings based on the information you provided.

5

STUDY AND COMPLETE ENROLLMENTS

This is where your active learning journey begins. Engage with your trainings, and complete your enrollments to progress further.

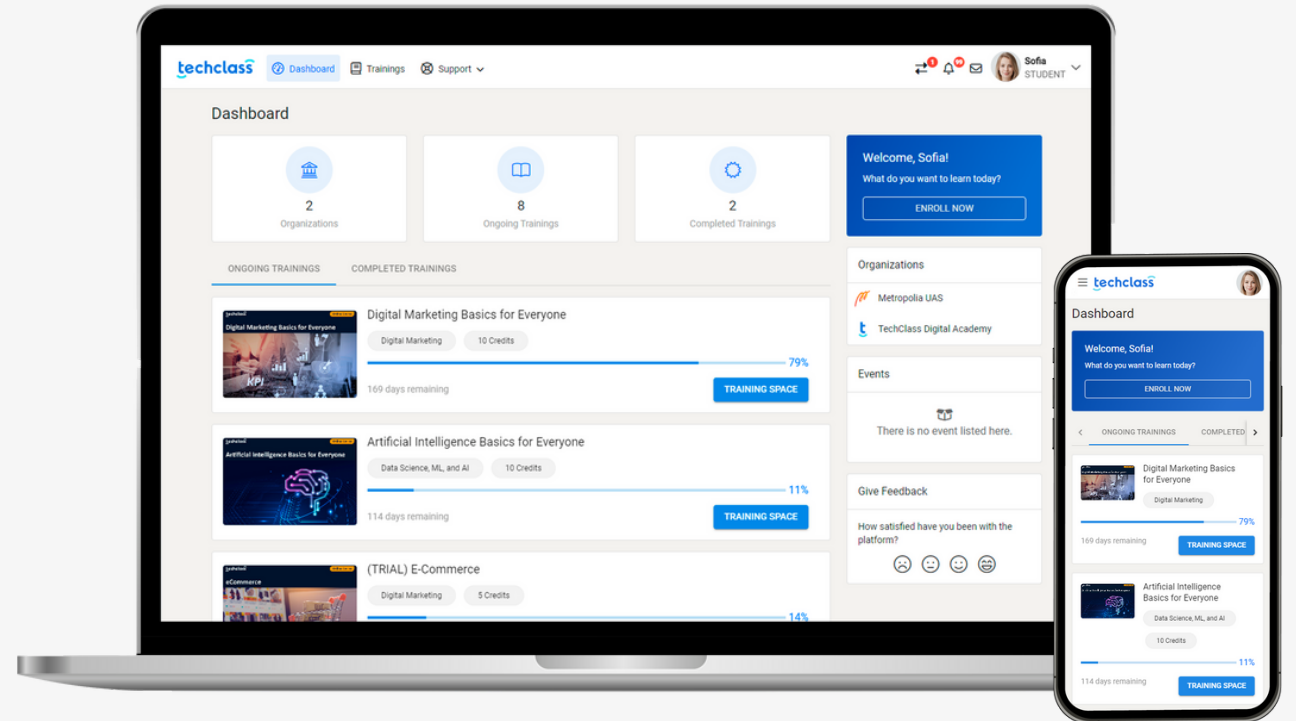

6

GET CERTIFICATE

Upon successful completion of your trainings, you will be awarded a certificate. This certificate is a testament to your dedication and mastery of the subject matter.

TechClass LMS

Designed to provide a dynamic, intuitive, and engaging learning experience. A learning environment to enjoy.

Personalized Learning

Tailored education that suits your unique needs.

Simple

Ultimate learning solution, easy and intuitive.

Community-first

Collaborative learning with peers and expert instructors.

Anywhere, Anytime

Learn on your terms, from anywhere with internet access.

Students Testimonials

Hear from our students that how TechClass transformed their learning experience and helped them achieve their goals.

Elina Sumén

Metropolia UAS

The training are easy to follow and covered a good amount of knowledge. I found the assignments very useful; it was great to use the knowledge in practice right away.

Vladimir Miskovic

Laurea UAS

TechClass is an intuitive, convenient and efficient online platform. It makes online learning easier and faster, especially when it comes to AI and programming.

Anna Kurmaeva

Laurea UAS

The platform is flexible and allows to do assignments at my own pace. The information is very well structured and leads a student throughout the studies.

Csépke Csilla

Metropolia UAS

The training were awesome. I am studying software development in aiukuisopisto, and I think TechClass courses helped me a lot to get the study place.

Training Certificate

Take your career to the next level with TechClass certification, and demonstrate your skills and knowledge to employers, clients, and peers.

TechClass & SECLE

The Service Center for Continuous Learning and Employment (SECLE / JOTPA) supports the development of skills of working-age people and the availability of skilled labor in society as a whole.

SECLE increases the opportunities for working-age people to develop their skills by financing training courses that are shorter than a degree and meet the needs of a changing working life.

SECLE operates as a separate organizational unit under the Finnish National Agency for Education.

SECLE has implemented a competition to acquire training related to the competence services related to information security, cyber security and the data economy.
